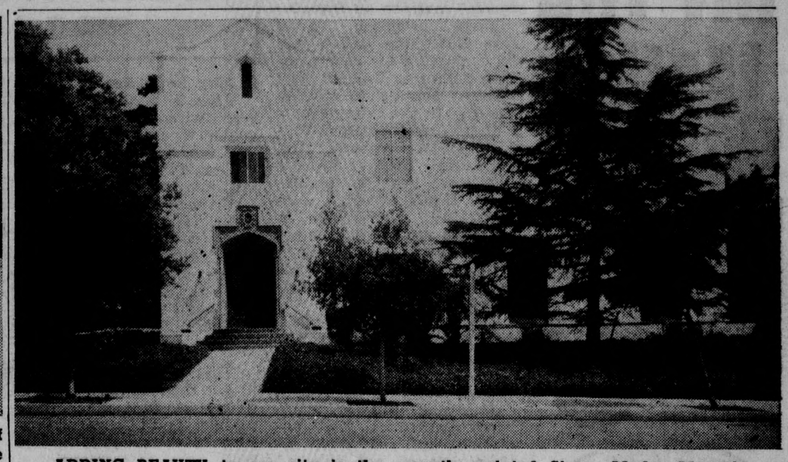
Retiring Chief Honored At Testimonial Dinner

PRESENTATION OF GIFT as retiring Chief of Police Gordon McMillan accepts television set from Alvin Embree, dinner chairman, as one of the items presented by friends and associates. Later Mr. Embree presented a high powered rifle on behalf of the same people. Chief McMillan retires after 37 years of service with the Sierra Madre Police Department, 34 of those years as Chief.

RETIRING CHIEF OF POLICE GORDON McMILLAN accepts citation from County Supervisor Frank Bonelli as the Chief's wife, Marie looks on. The presentation was made August 3 at a testimonial dinner at the LaSalle High School.

MAYOR SEVERIN SORENSON presents retiring Chief of Police Gordon McMillan with a gold badge, with his name and years of service, as a token of appreciation for his 37 years of continuous service to the City of Sierra Madre, first as a patrolman for three years and as its Chief of Police for the past 34 years. Chief McMillan retires approximately August 15, and has planned a traveling vacation.

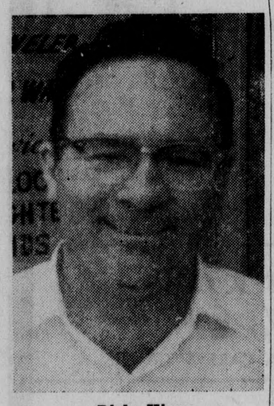


ADDING BEAUTY to our city is the recently painted Sierra Madre Masonic Lodge No. 408 building located at 33 E. Sierra Madre Blvd. This is a step among many that is planned for the lodge building as time goes forth and funds become available. It was the feeling of the brothers, that the outside of the building would be among their first considerations doing a two fold job of beautifying the city and preservation of their building. Congratulations Brother Masons, it is a job well done.

Speak Up Merchants . .

by Jody Beavers

Question: What in your opinion could the City Council do, to better the position of the Sierra Madre businessman?



Dick King
Kings Jewelers
24 W. Sierra Madre Blvd.
"I don't feel the City Council can do anything, we merchants have a problem, and that is competing with the large department stores out of town that depend on volume."

Ed Rambeau
Rambeau's T.V.
17 W. Sierra Madre Blvd.
"What we need in town is more parking area, and enforce the parking limit law on merchants cars only, so the customer can find room to park."

Ralph Hurwit
Ralph's Shoes
41 N. Baldwin
"I don't believe it is up to the City Council or Chamber of Commerce, it is up to the individual merchant. Merchants should join together for seasonal sales, and give their customers quality merchandise for the right price, so they know they can depend on you for quality merchandise all the time, including sales, also be courteous, polite always, bend over backward for our customers.

Acknowledgement Made

At a very impressive, well served and delicious Testimonial Dinner, Chief of Police Gordon G. McMillan was honored by 240 close friends and associates, Saturday evening August 3 at La Salle ing August 3 at the La Salle High School, when they gathered together to present him gifts of appreciation, for his long years of devoted service to the community as its Chief of Police for 34 years, and a member of the department for 37 years. Wishing him and his wife Marie many years of successful, happy and restful retirement which becomes effective August 15.

Larry Lomax, master of ceremonies, read letters from Governor Brown and other dignitaries, and introduced the speaker Robert Seares, Chief of Police of Arcadia.

Seares kept friends and associates in stitches with tales of experience of the honored guest, from the time of his first service to the city up to the present date, stating that Gordon was the youngest Chief of Police in California and at the present has only one other that has a longer tenure in office. He closed his short, snappy and interesting comments by reading a special letter to Gordon from F.B.I. Chief J. Edgar Hoover, who complimented him for his years of service to the bureau.

Chief Gordon, then acknowledged the many tributes, and introduced his successor James Bale to those in attendance.

Lomax then presented County Supervisor Frank Bonelli, who read a special citation from the Board of County Supervisors of Los Angeles County, and in case Gordon ever needed identification presented him with the Supervisor's Badge.

Mayor Severin Sorenson on behalf of the City Council and the people of the city of Sierra Madre, gave a brief "thank you" for services, and presented the Chief with the "Retired Chief's Badge," gold, with name inscribed and years of service.

Alvin Embree, Dinner Chairman, then presented Gordon with the first of two gifts from close friends and associates. The first a portable, electric-battery operated television set, and the second a high powered rifle. Both gifts, were long sought treasures for the retiring chief.

The dinner was then adjourned with friends crowding the honored guest and his wife Marie to offer them words of praise and thankfulness for past years of service.

Only High Quality Presented

Sierra Madre Paint and Wallpaper Stock New Line

Ben Miller, owner and operator of the Sierra Madre Paint and Wallpaper Store at 35 N. Baldwin Ave., announces to the people of Sierra Madre and trade area, that he now has, what he feels, is one of the most modern and outstanding store of the area in this category.

Carefully evaluating his stocks, he has eliminated those paints, that have consistently caused trouble and concern to his customers, and has now settled on three lines of products of outstanding quality and durability. Sherwin - Williams Paints, Treasure Tone paints, and Fine Line Paints are recommended by Ben as paints of outstanding recognition, and ones that he is proud to represent to his many friends and customers.

Ben, maintains a service, without cost or obligation to you, of looking over your home, or buildings to be painted, either exterior or interior, giving you the estimate as to the quantity of materials needed, the costs and the quality recommended.

Wallpapers are another outstanding feature of this store, where 12 to 15 lines can be reviewed for your selection. Artists supplies and all the accessories in the do-it-yourself painting and wallpapering job can quickly be picked up at this store on a moment's notice.

Ben invites you to come in, he has thousands of suggestions for your particular job, and color or color matching is no problem whatsoever . . . if it's paint, wallpaper, accessories, artists' supplies, "We have' em and the highest of quality," says Ben.

Provision of State Contracts

$113 Million State Water Project Now Under Way

Construction work totaling $113 million is under way on the California Aqueduct, the north-south transportation feature of the State Water Project, Water Resources Director William E. Warne said today.

The work is being done under nine contracts at different loactions along the aqueduct route from the Sacramento - San Joaquin

Two Tellers Cleaned Out

Bank of America Robbed; Counter Jumpers Strike

Grandfathers ever fascinating tales of bank robbers in his day, will lose importance now, especially to seven customers and two bank tellers that were in the bank and on duty, Tuesday, August 6, at the Foothill-Rosemead Branch of the Bank of America.

These seven customers and the two tellers were busily going about the days routine, when at exactly 2:05 p.m., two well dressed men entered the bank, and in the wink of an eye, one of the men vaulted the counter, and at the same instant the one man remaining in the lobby, draws a 45 automatic and demands that everyone, "stand where you are."

The bandit that vaulted the counter, also has his 45 automatic in full command, proceded to collect the money, very hastily Martha Chiesa and Marlene Chaney, the two tellers on duty were cleaned out.

The bandits then left the front of the bank on foot to the parking lot where they made their get-away in a '54 green Ford sedan.

The hold up was fast and professional, the bandits are thought to be the "Counter Jumpers," the same technique has been used to hold up a number of other banks over the last few months.

Description of the bandits, they were approximately 35 to 40 years old, white, medium weight, one a little over six feet and the other a little under. They wore dark business suits, tie, hat and dark glasses, and at first sight looked like any business man on his lunch hour, the difference — two 45 automatics, and now $5,500 of the money from Foothill-Rosemead Branch of the Bank of America.

Anthony In As Rec. Chairman

The Sierra Madre Parks and Recreation Commission had their regular meeting on July 25 with Chairman Anthony presiding.

In an informal discussion with the Parks and Recreation Commission, before the regular meeting began, the City Administrator informed the members of the resignation of Assistant Administrator-Recreation Director, Tom Butch, and the retirement of Mrs. Thompson.

Mr. Bevington explained that for the time being the Council would not engage a new Recreation Director since it was their feeling that an assistant Engineer would be of greater benefit to the city, and therefore suggested that all complaints which the Commission may have or receive be transmitted through the secretary of the Public Works Dept., and all new ideas, developments be submitted to the Assistant Engineer for discussion and planning.

At 9 p.m. Chairman Anthony called the meeting to order and stated that ballots would be cast for the yearly election of Chairman and Vice-chairman.

It was moved and carried that Mrs. Anthony continue as chairman, and Commissioner Stine as vice-chairman.

Reports on the pool operation revealed that family passes have exceeded those of last year, concession sales are doing well, buying a drink dispensing machine is on the agenda, also a discussion concerning a permanent structure for the concession stand. Further

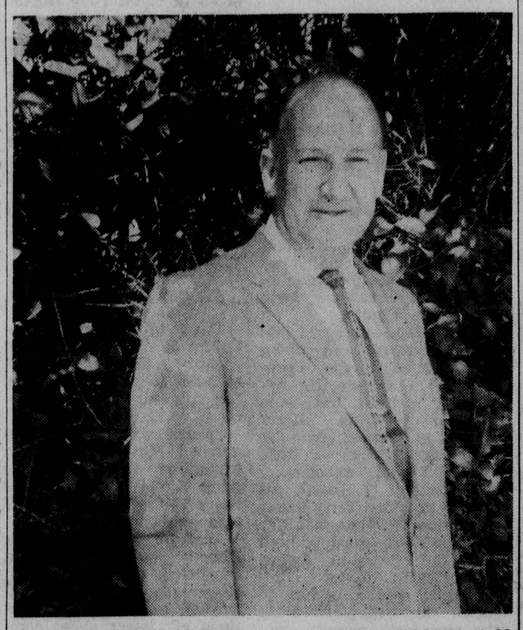
Marcus Arnett Woodward Honored, 30 Years Service



MARCUS WOODWARD III, a Sierra Madre resident, at 99 Suffolk St., has been honored at a special ceremony at Descanso Gardens on completing 30 years service to Los Angeles County.

Marcus Arnett Woodward III, prominent resident of Sierra Madre, has been honored at a special ceremony at Descanso Gardens on completing 30 years of service to Los Angeles County.

Wilson M. Ledford, president of the Los Angeles County Employes Association, made the presentation on behalf of Supervisor Frank G. Bonelli, who was unable to be present.

Mr. Woodward, business manager in the office of Registrar of Voters, has a long record of prominence in civic and community affairs. While space does not permit listing all his outside activities, a few examples indicate the extent of his activity:

Vice chairman and chairman, Hawthorne Coordinating Council.

Vice chairman and chairman, Hawthorne Planning Commission.

Past Master, Hawthorne Masonic Lodge.

Past Patron, Order of Eastern Star (Sierra Madre Chapter).

Member, Sierra Madre Historical Society.

Vice chairman, Los Angeles County Civic Center Credit Union.

Chairman, Caravan Committee, Boy Scouts of America.

Vice Chairman, Arcadia Chapter, Order of De Molay.

Mr. Woodward also is an accomplished organist, and lists among his hobbies photography, youth actiivties and a most unusual hobby—his job. A dedicated public servant, he has turned down much better paying jobs to remain in public service.

Mr. and Mrs. Woodward, the former Hazel Lucille Brown, live at 99 Suffolk St., Sierra Madre. They have three children, Verlynne Diane, Gloria Jean and Marcus Arnett Woodward IV.

A 'MUST' COUNCIL MEETING

The City Council will meet Tuesday, August 13 at the hour of 8 in the city hall at 55 West Sierra Madre Blvd., with all persons so desiring given a special invitation to attend.

One of the important items on the agenda will be the preliminary report to the Los Angeles Flood Control on storm drains needed in Sierra Madre.

Three locations are on the critical list: 1. Fairview from W. Sunnyside to Sunnyside, Sunnyside from Fairview to north end of Sunnyside. 2. Skyland Drive down Idlehour Lane and Orange Drive to Sierra Madre Wash Channel. 3. From Canyon Crest Drive in R/W to Sierra Madre Wash Channel. These three are estimated to cost $151,000.

Eleven locations are on the list for a total cost of $417,555, these being designated to protect current developments. One location to protect future developments is on the list at a cost of $47,000.

Condemnation of sub-standard building will be before the council. These buildings have been declared by the building inspector and fire department as "unsafe structurally," a hearing will be held on the validity of the findings.

Also on the agenda, and one of much importance will be the draft of the agreement for storm drain control work to construct on Sunnyside, Michillinda a strom protection system. The agreement is between the City of Pasadena, City of Sierra Madre and the Lomita Square Corporation. The agreement sets forth, what each will do, and what each will pay, and the time limits specified.

Those interested or in this area should attend this meeting to be fully informed. This possible agreement and discussion has been before the council for some 18 to 20 months.

Break-In At Gullett And Harris

A broken skylight, with a rope dangling into the store, and glass strewn all over the front of the store was definite evidence to Glenn Gullett that Gullett and Harris, store of women's wear, had been broken into during the night of Friday, August 2 or the morning of Saturday, August 3.

Evidently the attempt at break in was foiled when the skylight gave way and the glass came tumbling into the store, causing what could be imagined a tremendous noise, because as stated by Glenn, nothing in the store seemed disturbed, in fact there was no evidence that the prowlers used the rope. As Glenn said: "The noise the falling skylight must have made, I can imagine that if it were juveniles, they are running still."

Meyer T.V. was entered a week earlier via the same method, and two transistors taken.

Building Permits On Steady Increase

Total number of building permits issued for the month of July, 1963, 37 permits, valuation $541,359. One year ago July, 1962, 24 permits, an increase of 13 and a valuation increase of $454,292 over last year's July valuation of $88,067.

Number of dwelling units for July — 1 single dwelling, 6 multiples with a total of 48 units. Number of street, electrical and plumbing permits 72, fees collected $710.65. Business license fees collected for July, $1,102.50.

Plan check and building permit fees collected $1,009.25.

Comparison of building for the first seven months of 1963 shows $1,607,858.50, an increase of $122,759.50 over the $1,485,099 last year.

CARROT TOP
By
R. Robert Evans

We wish to take this opportunity to thank those who are now dropping in their dimes for the paper on the newsstands. Special thanks for the eleven quarters we received last week. I can imagine those people feel almost as good as we do. At least, they got it off their conscience.

—CT—

Speaking of conscience . . . really surprised us this past week when the newspaper racks took in $18.10 more than they had papers placed on them . . . . and what do you know eleven, yes (11) quarters were found therein . . . . Wow, and re-Wow! . . . Keep honest people, it helps all concerned.

—CT—

There are still a few "penny droppers" around, and I guess there always will be. However, we have eliminated the hairpins and the paperclips. I haven't even received any notes of invitation lately.

—CT—

Some people are operating under the assumption that if the people of Hastings Ranch receive the paper free . . . why not I. This is also an erroneous remark and not true.

—CT—

Three businesses, and we are pledged not to give their names, as they do not wish to obligate you to trade with them, purchase and pay for 4,000 copies of the Sierra Madre News to be circulated in the Hastings, Highlands and Oaks area.

—CT—

Every month they pay for these papers and their distribution. Now if you do not live in the area where they wish them distributed, we are sorry; but it is not free distribution, and please do not take it out on the poor newsstands.

—CT—

We could have the local police department stand guard over the racks, but then who is going to watch them . . .

—CT—

Speaking of the police department . . . If you missed the testimonial dinner for retiring Chief Gordon McMillan, then you missed a memorable occasion . . . I could tell by the smile on Gordon's face, that for the moment he was happy and well pleased . . . the many years of grief that all of us must have caused him from time to time vanished with the recognition of a mighty fine job over the past 37 years.

—CT—

I have heard several remarks over the past several days that we should have a couple of "retirement dinners" for several other members of the city administration . . . Could be, people who are thinking on this line are reminded that come next April, you can retire them . . . and most probably they would be happy to turn it over to you, if you can muster up the support. I can tell that several of them would like to be sitting in the audience doing the criticizing, instead of having to

13-Nights of Rodeo At Fair

Highlighting the 1963 California State Fair and Exposition, August 28 - September 9, will be 13 nights of professional rodeo and a special matinee on Sept. 9.

Top cowboys from throughout the nation will be competing for championship points as well as prize money. Helping to stir up the dust in the riding events will be Cotton Rosser's Flying U Rodeo Company stock, including many animals that have been to the national finals of rodeo. Rosser's stock, well-known in rodeo for top bucking horses and bulls, will be brought in for the State Fair from his Marysville, Calif., and Fallon, Nev., ranches.

The five standard RCA events will headline the show and several special attractions are planned including some girls' events. Calf roping, saddle broncs, bareback broncs, bull-doggin' and bull riding will fill 13 nights of actionpacked rodeo at the '63 Fair.

Baha'u'llah

(THE GLORY OF GOD)

FOUNDER

BAHA'I World Faith

A Few Appreciations of the Baha'i Faith

QUEEN MARIE OF RUMANIA:
"It is a wondrous message that Baha'u'llah and his son, 'Abdu'l-Baha, have given us . . . It is Christ's message taken up anew, but adapted to the thousand years and more difference that lies between the year one and today . . . If ever the name of Baha'u'llah or 'Abdu'l-Baha comes to your attention, do not put their writings from you. Search out their books, and let their glorious, peace-bringing, love-creating words and lessons sink into your hearts as they have into mine."

LEO TOLSTOY:
"Baha'u'llah's teachings now present us with the highest and purest form of religious teaching."

DR. GEORGE WASHINGTON CARVER:
"I sympathize with the Baha'i Faith with all my heart because it has the spirit of Christ in it."

DR. BENJAMIN JOWETT OF OXFORD:
"This Baha'i movement is the greatest light to come into the world since the time of Jesus Christ. You must watch it and never let it out of your sight."

For further information and free literature, write: BAHA'I Group, P.O. Box 504-E, Sierra Madre, Calif.

SPORTS AS Hank Ives SEES IT

It May Be A Record . . .

"This is a story about a man with iron fists and golden tan . . .

"Friends, Romans, countrymen, I come to bury Liston, not praise him . . .

"I'll teach that Liston anything, talking, boxing or actually what he needs the most, falling lessons . . .

"I'm too pretty to be a fighter . . . .

"I could whip both Patterson and Liston in the same night . . . .

"This record will last longer than Liston . . .

By now you must have the idea that "Gaseous" Cassius Clay is at it again. Well, the aforementioned "pearls of wisdom" will be with us for ever. Clay has signed a contract with Columbia Records to produce a record . . . a long playing one of course . . . which deals with not only his poetry, but also his fistic future.

To quote Oscar Fraley . . . "Cassius Clay, The Louisville Lip, should be arrested not only for impersonating a fighter, but also for impersonating an entertainer."

You must admit, he's good copy.

HOWARD COLLISTER, new Lancer Club prexy, has applications in the mail for the coming grid season. A ten dollar bill makes you a member, entitles you to attend weekly meetings and listen to Coach Don Hunt analyze a game, and provides you with a ticket to each home game on the schedule.

Not a bad package.

THE JR. ROSE BOWL COMMITTEEMEN, headed by Bill Leishman, are drooling at the prospect of getting halftime plugs on the weekly KCOP-TV Game of the Week. Don Paul, ex-Bruin All-American and Ram great, is lined up to do the color for the junior college tussles, but to date the play-by-play man has not been named. Bill Brundage appears to have the inside chance.

SPEAKING OF TV . . . . couldn't Walter O'Malley pick up a good hunk of his tax loot by televising a few road games next year? The radio sponsors are reportedly more than interested.

I KNOW SOME LOCAL ANGLERS who have made up a catchy little diddy entitled, "Oh where, oh where did the Albacore go."

DID YOU KNOW THAT when a pinch hitter strides to the plate he is more likely to strikeout than he is to get a hit? National League pinch swingers have struckout 275 times while banging out just 221 hits for a slim .192 average. The Junior circuit shows 248 whiffs and 220 safeties and a .213 average. Seems to me the manager might just as well let pitcher hit for himself, he has at least looked at the opposing hurlers a couple of times.

WONDER WHEN Walter Alston will give young Dick Calmus a starting chance. The bonus rookie has looked great in relief.

INTEREST IN AMERICAN LEAGUE baseball is on a rapid decline, due mostly to the complete dominance of the New York Yankees. The solution is simple, and one that this reporter has been urging for several years.

INTERLEAGUE PLAY.

Walter O'Malley says it won't work and that the edge would be taken off of world series competition. Now O'Malley obviously has been right a couple of times, but let's argue the point.

Say the Angels are tangling with the Giants or the Cards at Chavez Ravine. There would be a heckuva lot more interest in these games than if it were the Twins or White Sox. Mainly because the American League race is all but over while a win over the Giants or Cards would drastically affect the National League standings.

Interleague play would have to hypo the attendance figures. So what if the Mets were facing the Senators. They wouldn't draw any fewer than the Senators and Athletics, while a Giant-Nat series would surely cause quite a stir in Washington, D.C.

Old Hankus says it's just a question of time.

JACKIE ROBINSON gives his political and racial views in the August 10 edition of the Saturday Evening Post. He's quite a fella.

OTTO GRAHAM could just about name his own poison if he wanted to turn to professional coaching. He apparently doesn't have the stomach for the "ulcer" circuit so settles for the head man duties at little old Coast Guard Academy.

Personally I was all primed to watch Terry Baker in action in the All-Star clasisc. While disappointed that the Heisman Award winner failed to get in the game, it was still fun to watch the collegians whip the pros for a change.

It's mighty tough on fellows like Baker and Sonny Gibbs because they sacrifice three weeks of practice with their pro club, and then don't play. Well, what are you going to do?

Carolyn Wade Mattison and Thomas Wilson Thayer United In Marriage

MR. and MRS. THOMAS WILSON THAYER
. . . nee Carolyn Wade Mattison

Carolyn Wade Mattison and Thomas Wilson Thayer were united in marriage, at 4:30 p.m. on July 6, in the Gordon Chapel of the Second Congregational Church with the Rev. Dr. Joseph Cleveland performing the ceremony.

Lynn is the daughter of Mr. and Mrs. Alan C. Mattison of Rockford, Illinois.

Tom is the son of Mr. and Mrs. F. W. Thayer of 561 Elm, Sierra Madre.

For her wedding the bride choose a gown of white classic linen, floor length, with lace trim, long fitted sleeves and a boat neckline. She carried a bouquet of White stephanotis.

Mrs. Adrian Askeland of Tiburon, sister of the bridegroom, served the bride as matron of honor, and Chris Mattison, sister of the bride was bridesmaid. Both were gowned in short white linen costumes with pale green accessories, and hats fashioned from the same pale green in bows. They carried arm bouquets of the everpopular daisies.

Mr. Adrian Askeland, brother-in-law of the bridegroom, served as best man, and the ushers were Mr. Laurence Rood of Hollywood; Mr. Jeffery McCay, Mr. Gordon Sparks and Mr. Addison Brown Jr., all of Rockford, Illinois.

A reception was held at the Rockford Country Club with approximately 400 guests, the decor of white and green was carried throughout, and the traditional wedding cake was the highlight of the reception.

The newly married couple left for a wedding trip to northern Wisconsin and will be living in Augusta, Ga. for eight weeks while Tom is finishing his training at an Army base there.

Lynn teaches in Bayside Elementary School in San Francisco, and before her marriage resided in San Francisco. She graduated from the University of Wisconsin in 1958 and is a member of Kappa Alpha Theta Sorority.

Tom attended Pasadena Junior College and the University of Southern California, he was associated with a realty company in San Francisco before his recent induction into the Army.

Swartz To Judge At Fair

The judging panel for the California State Fair and Exposition Flower Show will include Walter F. Swartz, Los Angeles orchid authority.

Swartz will join distinguished judges from throughout the state to place entries during the Fair's 13-day run, August 28 through September 9.

According to State Fair Director Francis P. Meagher, Cupertino, over $55,000 will be awarded to winning entries in more than 300 sections of flower show competition.

Approved by the Rodeo Cowboy's Association, the State Fair Rodeo is one of the longest consecutive rodeos in the nation.

CHILDBIRTH in the GOOD OLD DAYS

Few families would care to go back to "the good old days" of childbirth. Death of mothers was commonplace, often because doctors had no drugs adequate for fighting infection. In 1915 one of every 164 mothers died in childbirth, or from complications of her pregnancy.

Many of these mothers could have been saved by only a few dollars' worth of today's medicines.

Now only one mother in 3,125 dies. Much of the credit for this improvement is due to the new prescription drugs. Their cost is surprisingly low. In fact, only 15 prescriptions in a thousand cost as much as $10. The average one costs only $3.26. No wonder we say: "Today's prescription is the biggest bargain in history."

Judith Blakeman Birthday Party

Miss Judith Lee Blakeman celebrated her fourteenth birthday on Sunday, July 21 at the home of her parents on 144 Vista Circle Drive with a 12:30 luncheon and an afternoon swimming party.

Among her guests were Miss Rosemary Diemer, Jerry Krisky and the Blakeman's longtime friend and neighbor John Russell McCarthy.

She left for ten days at Wasewagan Camp in the San Gabriel Mountains before returning for the fall term at Wilson Junior High School where she wil be an eighth grade student.

Orchid Hobbyist Monthly Meeting Thursday, Aug. 15

The San Gabriel Valley Orchid Hobbyists will hold their monthly meeting Aug. 15, at 8 p.m. at the Los Angeles State and County Arboretum, 301 N. Baldwin, Arcadia.

The speaker for the evening will be Mr. John Miller from Anaheim. His topic will be 'Phalaenopsis Coming of Age."

There will be a plant forum discussing the culture of the many plants brought to the meeting by the members. Anyone interested in learning more about orchids is welcome to attend the meeting.

Local Archer Wins Medal At National Shoot

The National Archery Shoot that was held in the Enchanted Forest, near Lake Arrowhead, brought 500 participants from all over the country.

Sierra Madre can be very proud of its representatives at that archery shoot.

Mr. and Mrs. Claude Fritz of 629 Alta Vista, who belong to the Pomona Valley Bow Hunters, were participants, as was their daughter, Dawn Fritz Wilder of Monrovia.

Mrs. Fritz came through the difficult shoot as third place winner, and her daughter, Dawn, received first place medal in her class.

The Archery shoot lasted five days and Mrs. Fritz commented that it was one of the toughest shoots she had ever entered, the local bow hunters came through in fine shape, and then decided to stay on at their campsite at Fawn Skin for another week, to participate in all the marvelous things that country has to offer enthusiastic campers, and archers.

Kathleen Chambers Becomes Bride Of Gary Johnson In July Wedding

MR. and MRS. GARY LEE JOHNSON
. . . nee Kathleen Sue Chambers

In the presence of four hundred guests, on July 27, at the hour of 2 p.m., in the Alhambra First Christian Church, with the Rev. James Hempstead officiating at the impressive ceremony Kathleen Sue Chambers became the bride of Gary Lee Johnson.

Kathleen is the daughter of Mr. and Mrs. Herbert I. Chambers of 1653 Perkins Drive, Aracdia, and Gary is the son of Mr. and Mrs. Alfred S. Johnson of 312 E. Adams in Alhambra.

The bride, given in marriage by her father, was lovely in her gown of white peau de soie covered with rose pattern lace sent from Nottingham, England by the bridegroom's family. The train and veil was of the same lace. The bride designed and made her gown, she carried an arm bouquet of white roses with a white orchid in the center.

Francis Gobatic served the bride as maid of honor, and the bridesmaids were Diane Draves of Toledo, Ohio, and Noriko Ohshio of Mishima City. They were all dressed identical to complement the bride, in floor length gowns of ice blue satin, with matching crowns and veils. They carried spray bouquets of carnations.

Arnold Schmidt of Alhambra served the bridegroom as best man and the ushers were Jim Mohr and David Barlow of Alhambra, Jim Grayson of Arcadia and Peter Fonisch of Alhambra.

A reception was held for approximately two hundred guests at the home of the bride's parents following the wedding. The newly married couple left for a honeymoon trip to Carmel. They will be at home in Alhambra after August 10.

The bride is a graduate of Arcadia High School and a member of the Chanteurs singing group.

The bridegroom is a graduate of Alhambra High School and a member of Alhambra Radio Club.

Former Resident Married In Connecticut

Miss Eleanor Davidson White, daughter of Howell N. White of New Haven, Connecticut and the late Mrs. Howell (Mabel) White was married to Lieut. Peter Granville Knight, Saturday, July 6 in St. John's Church in Salisbury, Connecticut.

Lieut. Knight is the son of Mrs. Dorothy Knight of Westbury, Connecticut, and Dr. Granville Knight of Santa Barbara, California.

A fall wedding had been planned, but Lieut. Knight, who is a pilot in the Strategic Air Command at Barksdale Air Force Base in Shreveport, Louisiana, has been assigned to a SAC team and had not been granted a September leave.

Miss Martha White, the bride's sister was maid of honor. A reception at the White Hart Inn followed the wedding ceremony.

The former Miss Davidson is a native Sierra Madrean. She attended the Ascension Parish School here and the Anoakia School for Girls in Arcadia. She is a graduate of the McDuffie School in Springfield, Massachusetts and received her B.A. degree from Elmira College, Elmira, New York in June.

Lieut. Knight is a graduate of the 1961 class of Trinity College where he was a member of Phi Si social fraternity. Lieut. and Mrs. Knight are making their home in Shreveport, Louisiana.

Wilshire Federal Feature Showcase Painting Exhibit

The second in a series of "Showcase" painting demonstrations will be presented at 2 p.m., Friday, August 9, in the art salon at Wilshire Federal Savings and Loan Association, 3500 Wilshire Boulevard, Los Angeles.

Miss Margaret Dobson, internationally known portrait and mural artist will do a portrait in pastel through the courtesy of Showcase, the workshop of the Los Angeles Chapter, National Society of Arts and Letters. Miss Dobson recently received an award from the City of Paris, France for a 64-foot mural, and is most proud of her mural in the Fontainebleau Palace in France.

She will be favored by having Dr. Iliana Cosby, DDS (Mrs. Alexander Hamilton)) as her life model during the demonstration. Dr. Cosby is a Wilshire area resident, founder, Lawyers' Wives Club of California, member of the Assistance League, World Affairs Council and the Greater Los Angeles Press Club.

The demonstration is free to the public and is being presented during the current art exhibit of the Workshop Group of Los Angeles.

Book Review

BROTHER TO GALAHAD by Gwendolyn Bowers is 224 pages written for ages 10-14, cloth, Smyth-sewn selling for $3.95 from Henry Z. Walck, Inc., 19 Union Square West, New York 3, New York.

On the Welsh Coast, in the ancient castle, Brannlyr, lived young Hugh of Alleyn. No knights jousted in the field; Hugh himself was neither page nor squire. For Hugh's father had died fighting for Britain and King Arthur, and his mother would allow no trace of war near her home or her son.

But Hugh heard the stories of Camelot and the knights of the Round Table; and he heard of the Holy Grail and the perfect knight who would achieve its Quest. And so he set out from Brannlyr, visions of tournaments and chivalry, worship and glory before his eyes.

His travels take him to Glastonbury and Camelot and later, with Galahad, in search of the Holy Grail; and finally, through the darkness of the battle that brings about the end of King Arthur's court, into the light of hope for the future. And here, the end of his quest, Hugh finds he has come full circle — back to Brannlyr.

In this fine historical novel, Gwendolyn Bowers has carefully woven the threads of Hugh's story — his own quest and his recognition of it — into the Arthurian legends, in and out of the lives of the great knights of the Round Table. She has stayed close to the language and rhythm of Malory; other sources include Geoffrey of Monmouth, Nennius and old Welsh tales.

Miss Bowers is in the English department of the Rhode Island School of Design, in Providence.

SPORTS CARS a book by Robert B. Jackson, consists of 64 pages written for ages 7to 12. Cloth, side-sewn reinforced sell for $2.75 from Henry Z. Walck, Inc., 19 Union Square West, New York 3, N. Y.

There is much more than size, speed and noise in the make-up of a sports car. How it works is described here with simplicity and great clarity. Young enthusiasts can learn about "firm" suspension (for roadability), "fast" steering, four-speed transmission, a low center of gravity, disc brakes and the small muffler. Also included are sections about the important makes of sports cars and the special features of each; a comparison of sports cars with standard "family" cars; and a description of special sports-car events — rallies, gymkhanas and racing.

This book, generously illustrated with photographs and diagrams, will intrigue those young people who may some day join the ranks of sports-car owners.

Mr. Jackson, an ardent sports-car enthusiast, lives in East Orange, New Jersey.

The PLAZA Shop Talk

By Sewall Clark

HAVE YOU ever moved? I mean, like with moving vans and furniture.

There's no problem with the big pieces; the chairs or stove. They find their places in the new home with logical ease. It's those "odds and ends" that do it to you.

YOU FIND things you had forgotten. You've been perfectly happy without them, but now you're afraid to throw them away.

You might need them some day? Crayons, wads of string, jars of nails, a collection of hotel stationery and five letter openers from your grandmother who told you never to steal hotel stationery.

FIVE letter knives? Sure. Keep them by all means. Maybe you can use one for hara kiri if ever you have to move again.

"Hara kiri?" That's right, chum. In all this mess of moving I couldn't even find a dictionary, so I spent $2.30 in telephone calls to check it; one penny less than a night cable of 23 words from here to London.)

LET'S be a beach-comber? Life in a pup tent? A few simple tools, a fishing pole and a Boy Scout kit?

No receipts to be kept; no paper work. Just the sky and the sea and the friendly porpoise to keep the sharks away.

BUT NOW, in the new house, let's open a can of soup or tuna because it's too late to grocery-shop.

So where's the opener; for cans, that is. Isn't it on the wall?

Sure. It's on the wall — at the old house from whence you have just moved. Maybe you can try a nail or a wad of string.

THE PLAZA SHOP may be planning for more space (just a little annex to make room for lost dictionaries and can openers; maybe a few dresses too) but it is NOT moving from its original address on the "Montecito Plaza."

Trudie likes the little shop just the way it is; a tiny place on a quiet street where women can browse or buy in peace.

Bring your own wads of string. Or —

Sierra Madre PTA To Provide Bus To 'Cinderella'

Sierra Madre children are looking forward to "Cinderella," complete with pumpkin coach and glass slipper, which will be performed by the Youth Theatre Guild at 2 and 8 p.m. Wednesday at Pasadena Civic Auditorium.

More than 150 children will appear in the play, which will culminate the summer activities of the guild, sponsored by the Recreation Department.

The Sierra Marde PTA is providing bus transportation to the afternoon performance for all children registered at Sierra Madre and Sierra Mesa schools for the summer recreation program.

New $22 Million Revenue For City Streets Earmarked

Formal action to apply for Los Angeles County's share of new state highway funds under the Collier-Unruh Local Transportation Development Act was made by county supervisors today in adopting a resolution which will make an additional $22 million in highway user funds available to the county and its 74 cities.

Urging approval of the resolution which county supervisors passed to comply with the requirements of Senate Bill 344, the legislation passed at the 1963 session of the Legislature, Supervisor Frank G. Bonelli indicated that the full amount of the new money apportioned to the county for highway construction will be allocated to the 74 cities for improvement of major city streets.

The county board postponed action on the measure a week ago to await assurance from the county counsel's office that the resolution does not provide for a tax subsidy for rapid transit — a subsidy which Bonelli has opposed vigorously. The resolution does not include such a provision, county legal aides advised.

"It is estimated that an additional $22 million per year will be apportioned to the cities and county for highway purposes under this legislation," Bonelli commented.

"This will have a far-reaching impact on our major streets and highways."

In September of 1962, Bonelli noted, the Board of Superivsors adopted a resolution declaring its intent to utilize all additional funds accruing to the county from the proposed legislation on streets and highways within the incorporated cities of the county.

Revenues for the additional highway user program will be derived from the new one-cent gas tax plus additional weight fees provided for in the new legislation.

Also provided for in Senate Bill 344 is a permissive levy requiring Board of Supervisors' action which would, if implemented, subsidize mass rapid transit.

However, Bonelli has taken a firm stand in opposition to a tax subsidy for rapid transit in view of the fact that there are two proposals before the Metropolitan Transit Authority offering to privately underwrite the cost of rapid transit. The Board of Supervisors is on record in opposition to the tax subsidy for rapid transit.

Creative Arts Group Concert

An informal concert by members of the Recorder Workshop will be given at the Creative Arts Group Adobe on Wednesday evening, August 14, at 8 o'clock. Shirley Robbins, whose credits include many years as a performer on the recorder, is director of the workshop. She is a faculty member at Scripps College in Claremont as well as a member of the Renaissance Consort in Los Angeles. David Lepard of Claremont has directed the Beginners Recorder Workshop.

Although most of the concert will be planned around group numbers, duets, trios, and quartets are also being included. Members who will be participating include Howard Barrows, William Kaplan, Jesse Sisken, Donna Seecof, Richard Harelik, Cliff and Ruth Banbury, John Ellis, Nancy Harrison, Carey Hawley, Mary Judson, Lela Ellis, James Hawley, Molly Judson, William Pierce, Irma Rogers, Elsie Sandefur, Donald Sickler, and Jean Houghton.

With the main summer program of the Creative Arts Group having closed July 25 with the Teen Open House and on July 26 with the children's outdoor Art Show, Puppet Show and Musical Play, there remains one more event this season which will be the open house for members of Lannea Melzian's August Art workshop the end of August.

The Fall brochure with announcement of workshops will be mailed to sponsors the first week of September and will be available to the public the following week. Registration will take place the last two weeks of September with classes opening in October. For information please write Box 836, Arcadia. The Adobe is located at 37 E. Montecito in Sierra Madre.

$113 Million

Delta in the north to the Techachapi mountains in the south.

Director Warne listed the aqueduct construction jobs in a letter to the Metropolitan Water District of Southern California, reporting compliance with a provision of the State-MWD water service contract which provided that transportation facility construction should start before June 30, 1963.

Four of the nine jobs are being done by the State Department of Water Resources and five by the U.S. Bureau of Reclamation for the joint U.S.-California San Luis unit.

The State jobs are:

Eight fills for the canal embankment along a 10-mile section of aqueduct in Stanislaus County about five miles west of State Highway 33; contract of approximately $750,000 awarded January 14.

Two access roads leading to tunnel sites in the Techachapi mountains in Kern County east of U.S. Highway 99; contract of approximately $553,000 awarded June 20.

Drilling and developing two 16-inch water wells in Kern County to allow for preconsolidation work on the aqueduct in subsidence areas; contract of approximately $161,000 awarded June 24.

Excavation for the Delta Pumping Plan and 1½ miles of the Delta Intake Channel in Contra Costa and Alameda counties; award of contract of approximately $5,699,000 approved June 28.

The jobs for the San Luis unit, contracted for by the Bureau of Reclamation on behalf of Federal and State governments, are:

Preconsolidation of Reach No. 2 of the San Luis Canal in Merced and Fresno counties; contract of approximately $266,000 awarded September 13, 1962.

Construction of San Luis Dam, forebay and pumping-generating plant in Merced County; contract of approximately $85,927,000 awarded January 8, 1963.

Preconsolidation of Reach No. 3 of the San Luis Canal in Fresno County; contract of approximately $997,000 awarded January 11.

Reach No. 1 of the San Luis Canal in Merced County; contract of approximately $16,494,000 awarded April 29.

Pumps for the Mile 18 Pumping Plant in Merced County; contract of approximately $1,950,000 awarded May 10.

Bonelli Asks Why

Full explanation of the $135 million assessment error revealed last Friday (August 2) by County Assessor Philip Watson was demanded today by Supervisor Frank G. Bonelli.

The error, which will force a probable 2-cent increase in the county general tax rate and proportionate increases in many city and school district tax rates, was caused by a duplication in property assessments, according to Watson. Some 936 business personal property assessments were duplicated before the error was discovered.

The Board of Supervisors and all other taxing agencies in the county, including cities and school districts, "were left high and dry at this late date by the $135 million fiasco," declared Bonelli.

On Bonelli's motion, the Board of Supervisors instructed Watson to appear at 9:15 a.m. next Tuesday, August 13, before the county board "to fully explain and determine the method to be used to avoid such a serious error occurring in the future and the remedial steps that can be taken now to correct the error."

Wednesday, Watson said, "Thank you, I do not believe I will attend, and respectfully decline the invitation."

"The Assessor had knowledge of this duplication when the unsecured tax bills went out early this year, namely March or April.

consideration will be given this at the end of the season.

Another member was added to the pool committee, Vern Foster was appointed to join Comm. Robertson and Comm. Stine.

The City Administrator commented on the fine oral report presented to the City Council by Mr. Symonds, president of the Senior Citizen group. They have approximately 65 current members.

Moved by Commissioner Fleming, seconded by Commissioner Stine that an honorary membership be presented to Tom Butch and his family to the Sierra Madre Pool, since it was instigated during his time.

This would be a nice momento from the City and Recreation Commission. The meeting was adjourned at 9:55.

Bible Lesson 'Spirit' Sunday, Aug. 11

A Bible Lesson on "Spirit" from the Christian Science Quarterly will be read this Sunday at First Church of Christ, Scientist, Sierra Madre.

Responsive Reading by the congregation will include this Scriptural passage from II Corinthians (3:17): "Now the Lord is that Spirit: and where the Spirit of the Lord is, there is liberty."

One of the references from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be this: "Man is tributary to God, Spirit, and to nothing else. God's being is infinity, freedom, harmony, and boundless bliss. 'Where the Spirit of the Lord is, there is liberty'." (p. 481).

Rev. Capolungo Congregational Visiting Minister

The Rev. Ralph J. Capolungo will be preaching in the pupilt of the Congregational Church of Sierra Madre on Sunday, August 11 and 25. His sermon for the 11th is "On Being Triple A." Rev. and Mrs. Capolungo and their children will be visiting with his parents Mr. and Mrs. Jack S. Shearer at EL 5-1024.

The Rev. Mr. Capolungo attended the Sierra Madre Elementary School, Woodrow Wilson Junior High School and the Congregational Church School when Arthur O. Pritchard was pastor. He enlisted in the Navy in 1941 and served in the Southwest Pacific theater. He returned to the University of Southern California, obtaining a bachelor of music degree. Graduated from Hartford Theological Seminary in Connecticut with a bachelor of divinity degree. He has had churches in Chester, Mass and Kenwood, Calif. He has been pastor of Knight Memorial Church in Salem, Oregon for the past six years.

Mrs. Capolungo is president of the Salem Ministerial Association, moderator of the East Williamette Association of Congregational Churches and was chosen "Man of the Year In Religion." He has been active in the Oregon migrant ministry, ministry to inmates of Oregon penal institutions, Oregon State Hospital and County and City jails. He is past president of the Oregon State Fellowship of Reconciliation (dedicated to solving the problems between men by peaceful means); active in his support of the freedom movement seeking to provide all citizens of America the blessings of our land regardless of their race, creed or color.

Mr. Capolungo has been a leader in the development of group therapy in the churches of Oregon; has several prayer therapy groups in his congregation, has led such groups for Christian pastors for the past four years. In this prayer therapy group are ministers from Methodist, Disciple, Church of God, Nazarene, Presbyterian, Conservative Baptist, Evangelical United Brethren, American Baptist, Quaker and Holiness churches.

Rev. Capolungo has many hobbies among which are philately, Japanese calligraphy, wood-burning and sculpture, music, gardening and photography. He is a leader in the field of church camping for junior age children and has been active in Massachusetts, California and Oregon in church camping programs.

Dr. Barnhart Announces Guest Speaker

Dr. William R. Parker, professor of speech and director of the speech clinic at the University of Redlands, will be guest speaker at the Santa Anita Church of Religious Science, 226 W. Colorado Boulevard in Arcadia, Aug. 11 at both the 9 and 11 a.m. worship services. Dr. Parker, who is a widely known author and lecturer, will speak on the thought-provoking subject, "Guilt and Grace."

In addition to the technical writing of Dr. Parker in his field he has written on "Prayer Therapy" in "Guideposts." A paperback under the same title is now in print.

In 1957 his book, "Prayer Can Change Your Life" was published. This is an account of the "Prayer Therapy" program which Dr. Parker conducts at Redlands. Through his human relations groups, hundreds of people are helped to understand and solve their problems.

Dr. Parker is president of the William R. Parker Foundation, which is actively engaged in further research in the field of human relations.

The public is cordially invited to take advantage of this opportunity to hear Dr. Parker.

Child care will be provided at both the 9 and 11 a.m. services.

Junior Church for children from kindergarten through eighth grade meets at 9 a.m. The children come into the sanctuary and worship with their parents from 9 to 9:15. During that time Dr. Parker will give an inspirational message to the children. This is an opportunity for your children.

The Youth Activity of the Church meets Sunday evenings at 7:30 p.m.

Please call the Church, HI 6-8206 for week day activities.

Dr. Barnhart reminds, "Dial-for-Prayer, HI 7-6162 for spiritual help."

Faith Lutheran

In the 9 and 10:30 Sunday worship services at Faith Lutheran Church, 845 Hastings Ranch Drive, the Rev. Armin Hesse will speak on "The Church Member in God's House."

Bethany Church Notes

Preparations are moving forward for the coming Billy Graham Crusade by all departments of Bethany Church. Numbers of the members of Sierra Madre churches have been distributing invitations for the Crusade, and reservations are now being taken at the church office for the Embree Bus that will be provided.

The bus will leave from the church at Baldwin and Montecito at 6:15 each evening, Monday through Friday, beginning on Thursday evening, August 15. Reservations may be made or cancelled up to four o'clock on weekdays by calling the church office, 355-1409. The donation to help cover the expenses of transportation will be $1 per person for a round trip, payable on the bus. Anyone desiring to do so may make a reservation.

Pastor Schaper will continue preaching on the New Testament book of Ephesians this coming Sunday morning. The evening service at 7 will be highlighted by the showing of a dramatic and challenging film, "Bohn to iWtness." All are invited to attend.

Several groups of the church have already made plans to attend the Graham Crusade together. The first will be the Seven-Up Club, a summer group for Junior High young people. They will attend the opening service of the Crusade in the Coliseum on Thursday, August 15.

Holy Communion

This message will be the second on the theme "Divine Counsel for Church Members," centering on the New Testament First Epistle to Timothy. Holy Communion will be celebrated in the 10:30 service.

The Walther League will meet at the church parish hall at 6:30 on Sunday evening for a topic study and program plans. The parents of the young people are invited at 7:30 to view a religious film with the Leaguers.

Congregational Church Picnic Sunday, Aug. 11

Congregational Church will hold an all-church picnic at Hamilton Park on Sunday afternoon, Aug. 11, from 4 to 8. Games for youngsters of all ages, a baseball contest, and a series of races will be featured.

Home-frozen ice cream will be the dessert. Everyone is asked to bring their own picnic lunches, and share in the ice cream afterwards. Friends and neighbors are invited.

Weekly Shades Of Hastings

Margily Rowzov
EL 5-7736

Oh, the blessings of a second car! Today we would like to expound on some of the aspects of this questionable status symbol. First of all, before we had this second mode of transportation, we felt put upon, but were quite able to shop on weekends when the family car was available. Now, we have our own car and once a day at the mrket doesn't suffice — in other words, we thought we would die without one, but now could kill ourselves becuse we have acquired one!

In the second place, we have never been able to budget for the automotive expenses. Marge thinks that by purchasing gas at a dollar a crack she's saving money and Emily thinks that by using a credit card transportation comes free.

We asked our spouses to comment on this situation and they declined to elaborate. To use an old cliche, discretion is a better part of valor . . . . MERCY!

Southwestern Tour

Atlee and Marguerite Bussey accompanied by their children Lee, Michelle, and Gregg, have returned from an interesting trip. They drove by way of Salt Lake City to Denver, Colorado, where they visited the famous zoo.

The most beautiful and outstanding feature of the trip was a tour of the Air Force Academy at Colorado Springs. Here they found an elaborate tourist center with exhibits, models of the cadet's quarters, and a mock-up of Colonel Glenn's space capsule. This spot is comparable to a luxurious country club surrounded by beautiful mountain scenery. Pike's Peak is in the background. The academy boasts a new chapel as well as a new golf course, which former President Eisenhower had dedicated the day before the Bussy's arrived. Tourists are made welcome with no charge for the experience.

The ten-day trip included driving through Indian country, which the children found particularly fascinating. The family collected souvenirs, enjoyed the Petrified Forest, and found the whole southwest to be filled with beauty.

Millikens Move

Another family is leaving the Ranch. John and Judy Milliken and their children, John Cary and Lauren, have sold their home and are moving to Chicago where John will open his own business in marketing research. The entourage will include not only the children, but the family cat and a new puppy!

Last week, the Millikens took a vacation at Pacific Beach for a last look at the ocean.

Since there will be an addition to the family in September, Judy was honored with a surprise baby shower in the home of Mary Verhovek. Mrs. Verhovek, who was assisted by Joan Duncanson, decorated a bassinet to receive the gifts. Guests included Judy's mother, Mrs. Mildred Welch, Ella Ossim (from Altadena), Betty Wagner, Sally Bondurant, Gail Clement, Muriel Rassmussen, Ann Ward, Mary Jean Wright, Julie Bremer, Glenna Queen, Gloria Ferron, Gale Mangham, Bertha Watts, Pat Conroy, Barbara Underwood, Judy Newell, and Mary Donovan.

Busy, Busy People

These are busy days for Dick and Betty Wagner. Betty's mother, Mrs. F. C. Kimble, is visiting for several weeks from Douglas, Arizona. Susan Kimble, age 9, accompanied her grandmother for this stay. Mr. and Mrs. Homer Deen (she's Betty's sister), and their four children, Debbie, Carrie, Brian, and David, are also houseguests. They call Phoenix, Arizona, their home. While here, the entire family will take in all of the usual tourists attractions.

Dick and his brother-in-law, Homer Deen, took off for a few days hunting near San Luis Obispo and Oro Grande.

Last week young Richard Wagner celebrated his eighth birthday anniversary by inviting friends for luncheon and games. Those enjoying the day were David August, Lee Bussey, Randy and Don Dumas, Bobby Duncanson, Tommy Dennis, Debbie Deen, Edward Messinger, Tommy Marcheschi, Brian Watts, Caroline Cox, Everett Cox, Catherine and Robbie Reed, Bill Shuck, and Richard's sister, Connie.

Sea Bea at Guam

Jody Davis, son of Mr. and Mrs. George Davis, has been a member of the Active Sea Bee's Reserve for two years. He has now gone on active duty for a two year tour of duty. Although Port Hueneme is Jody's home base, he is currently stationed at Guam. He called home by short wave from Guam and his call was relayed through a ham operator in Texas.

Teen Age Birthday

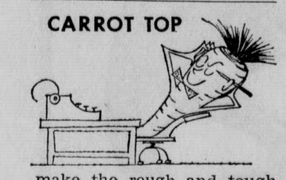
Another member of the Morzov family, Howard, celebrated his 13th birthday last Friday. Bill and Emily gave him a choice of a party or the money it would have cost. This boy is growing up! He took the money!! However, so that his day would not pass unnoticed, the family took Howard and a friend, Jimmy Cox, for an afternoon of GO-Kart racing, topped off by an evening barbecue and birthday cake.

Sunday the family enjoyed an afternoon swim and birthday dinner at the Alhambra home of Mr. and Mrs. Nicholas Morzov, Howard's grandparents. This party served a triple purpose, since his uncle Fred, as well as his grandmother, were also celebrating their birthdays. Happy birthday, Howard; Happy Birthday, Fred; Happy Birthday, Mrs. Morzov, and we certainly hope you all like cake!!!

* * *

Consider the plight of the Sunday paper and mother. We would like to advocate two issues per family in order to save her from the task of assembling the many sections from under the cat's dish, from the bird cage, from the waste basket, from the garage floor, and from under the model airplanes. Why, oh, why is it that the one section you particularly wanted to read seems to have disappeared, nay, evaporated from the face of the earth? The classified ads and the sport section are always in evidence, but the section reserved for women only, the home and beauty features, and of course, the book reviews, are among the non-present. Oh well, the comics are in technicolor, and can be used for wrapping birthday gifts and shading the eyes from the sun — this is, IF you can find the comics in the first place. Mercy??

CARROT TOP



make the rough and tough decisions. But anyway, it was a wonderful tribute to a wonderful guy, and it is our hopes that Gordon enjoys every minute of a well-earned retirement. . . . Live it up, Gordon.

—CT—

Well, by now Ed Herwig is back in the saddle. As expressed by many here in town . . . many people of Yucaipa will be educated on how a good editor has to be the watchdog of the welfare of the people of his community. . . . Ed will be right in there, and everyone will get a fair shake, you can bet your life on that.

—CT—

Well, the PTA can start calling on me for a far different reason from here on out . . . Candace, that is the oldest, at home, is now registered in the Sierra Madre schools and ready and rarin' to get started . . . Just yesterday, after registration, she asked me . . . "Daddy, what do I teach them?" . . . the only answer I have for this one is . . . if she is going to follow after the footsteps of her father . . . they have a new procedure that will shortly be introduced to them . . . of course mine was "short lived" and I imagine that hers will be also . . . but it sure is fun trying to reorganize the system.

—CT—

Speaking of schools . . . the time is getting shorter and shorter and it will be only four short weeks until the school books will be out and studies will start . . . sure been a short summer, or to us who need a baby sitting agency . . . the days have been a long drawn out experience . . . hope the teachers enjoyed their well-earned vacation.

—CT—

How about that gigantic sale the local merchants brought forth for you this past week . . . bargains galore in every store, was never more true. They are planning one of these sales each and every month until Christmas . . . Keep your newspaper handy, and you will be in for a load of savings. . . . To me it's wonderful that merchants can join hands in one great cause. I am sure you as customers appreciate their effort . . . you can say thank you to them by doing business with them . . . they are a swell bunch of guys and always thinking of how they can give you the most for the least.

—CT—

In closing this week, let me remind you . . . a community is only as strong as the people who live in it . . . keep your head high, we are the best . . . See you around I hope, I hope, I hope.

Letters to the Editor . . .

I may not believe in what the man says, but I will defend to my death his right to say it.—(similar words of Voltaire)

Dear Editor:

The Bronx cheer or better known as boos that marred the dignity of the Testimonial Dinner last Saturday evening, given for our retiring Chief of Police Gordon McMillan were rather disgusting and out of place.

The master of ceremonies Larry Lomax, was in the process of reading messages of "good will" that were sent to our chief, and when Mr. Lomax read a telegram from the Governor of our state a few guests had the audacity to BOO in very loud and vulgar tones.

All heads turned toward a small group seated at one of the rear tables who, no doubt can not forget for one moment that they are Republicans even while attending a non-political affair.

The group was recognized by many. And many remarks were made after the dinner saying the demonstration was most distasteful and childish.

I am glad our mixed group was sitting at another table.

—DOROTHY D. UNDERWOOD

P.S. I was taught to show respect and not to embarrass people.

Airman Appleford Re-Assigned To Japan

Airman Second Class Stephen J. Appleford of Sierra Madre, is being reassigned to Japan, following his graduation from the United States Air Force technical training course for communications operations specialists here.

Airman Appleford was trained to operate radio receivers, typewriters, and recording and frequency meter equipment.

The airman, a graduate of Pasadena High School, is the son of Mr. and Mrs. Lawrence C. Appleford of 395 Mariposa Ave., Sierra Madre. He attended Pasadena City College.

In time of bereavement . . . would you know what to do?

Don't Hesitate to Turn to Your Clergyman for Spiritual Comfort

Editorially Speaking....

More Pain!

Governor Brown's stunning defeat on his proposal for a state personal income tax withholding plan furnishes reassuring evidence that legislative bodies are still responsive to the will of the people.

Obviously, the Governor never expected his modest proposal to stir up such a storm.

The argument for the withholding plan was logical enough: placing state income tax collections on a pay-as-you-go baiss would merely follow the pattern established for two decades on the federal level. The state would get a one-year shot in the arm from doubled collections the first year (or something less than doubled, depending on whatever "forgiveness" formula was adopted).

But the people didn't buy it. And they made it crystal clear to their representatives in Sacramento that they didn't.

The most interesting part of the affair is that it also proved that when a public issue is thoroughly publicized and actively debated, the people can be counted on to make an intelligent decision.

There was nothing emotional about the public's rejection of the withholding program; it was a purely cerebral decision, based on first-hand understanding of the pros and cons of the issue.

Withholding was rejected because people realized, after long experience with the federal withholding tax, that the pay-as-you-go principle makes it all too easy to forget for the taxing jurisdiction to up the ante without effec- that one is paying taxes at all, and makes it all too easy tive protest.

Recently a West Virginia photo service business instituted a unique plan to offset the soporific effect of collecting taxes by payroll deductions. Under the plan, taxes are deducted only once a month. The company's president explains the plan's effect:

'Mrs. A — whose salary is $125 a week, under the system of weekly deductions would draw $99.29 a week, and she took it for granted that was what she was making. Now under our system of collection, she draws $125 the first three weeks of the month and the last week $22.68. Now she realizes she pays in taxes almost a full week's pay out of a month."

The company has found that its employees have become very tax-conscious. It also saves about $10 per year per employee in bookkeeping costs.

Reportedly, the Internal Revenue Servic eisn't very happy about once-a-month withholding and may challenge its legality.

The withholding tax gimmick is painless, life taking dope; only the withdrawal pains hurt. Californians have made it very clear that on the state level they don't want to acquire the habit.

Goldwater Likely!

Arizona's Senator Barry Goldwater, while having stated on vaious occasions that he is not a candidate for the GOP presidential nomination, has emerged full blown as the leading Republican contender in recent weeks.

Goldwater now, as with all front runners, is the target of a constant barrage of political shots from opposing forces, which several months ago thought so little of his chance of capturing the GOP nod that scarcely a cross word was sent his direction.

It is a long time until the Republican National Convention in San Francisco next summer and no one now knows whether Goldwater will continue to move ahead. Not long ago New York's Governor Nelson Rockefeller was an odds on favorite for the nomination and may well surge forward again.

There is little secret, too, that diverse forces are at play attempting to maneuver Michigan's Governor George Romney into the driver's seat if both Goldwater and Rockefeller fall short of the necessary strength to win. Former President Eisenhower points out, also, that Pennsylvania's Governor William Scranton and General Lucius Clay are potential candidates.

Goldwater's adherents, fresh from an 8000 persons "Draft Goldwater" rally in Washington, D.C., state that the Arizona Senator would defeat President John F. Kennedy by 301 electoral votes to 197.

Equal Time

Equal time on television and radio for political candidates, no matter what their stature, has been a much discussed bugaboo in the industry. Comes now a new, and rather ominous variation.

Not long ago the farmers of America overwhelmingly voted against the Administration's proposal for price controls on wheat. Now it comes to light that during the propaganda campaign leading up to the vote, an executive in the Agriculture Stabilization and Conservation Service issued a memorandum directing state managers and local committeemen of the government's farm program to remind TV and radio station managers that they were federally licensed for three years only, and that renewal could depend upon how well they lived up to their required promise of public service programs.

The public service program the ASCS official had in mind, of course was "equal time" in which Administration propagandists could try to persuade the farmers they should vote the Administration way.

Broadcasters are, true enough, licensed by the federal government; and they do promise at least a minimum of "public service" time. The real purpose of such public service broadcasts is to reward the people who own the air, for allowing private industry to use it. It does not serve the interests of the people for federal agencies to use that promise, and its concomitant threat of retaliation, to further bureaucratic or even Administration projects.

FREEDOM

At Any Price

By H. V. Witty

President Kennedy, by executive orders, has abolished the Office of Civil and Defense Moblization and created in its place the Office of Emergency Planning. The actions of this new office are to be planned and coordinated by a small, presidential staff.

Thus, by the issuance of 23 Executive orders concerning emergency planning, President Kennedy has set the stage for a complete Executive take-over without consulting anyone including the Congress of the United States.

Through these Executive orders, as has been pointed out in Blue Print For Complete Dictatorship, "President Kennedy has sought goals which completely ignore the Constitution, the authority of Congress, and the will of the people. If the Executive Orders are ever put into effect, our government will become a dictatorship overnight." The question might well be asked: "How could this be accomplished? The President first proclaims a law and then legalizes it by publishing its content in the Federal Register. The Federal Register is a powerful document existing as a notification of official Presidential actions which assume the power of law 15 days after being printed.

As Dan Smoot puts it, "This is the modern way of giving executive proclamations the force of law. In the formulation of such 'executive law,' Congress does not deliberate and legislate in response to the desire of the people and in conformity with grants of power in the Constitution. Indeed, Congress has no role at all. The President proclaims a law, then gives it statutory force by merely publishing it in the Federal Register.

"Thus, President Kennedy, by Executive Orders which by-pass Congress, has already created a body of 'laws' to transform our Republic into a dictatorship — at the discretion of the President. The extraordinary principle (that the President can do anything he pleases in time of dire emergency, and that the President alone can determine what is a dire emergency) was proclaimed by Franklin D. Roosevelt in November, 1933, and reaffirmed by the Attorney General — and has never been challenged by the Court or the Congress of the United States."

This columnist is violently opposed to by-passing the elected representatives of the people (Congress) and placing powers tantamount to dictatorship in the hands of the Executive — and then assuming he will not betray the people.

The trail of history is smeared with the blood of strong men who have died because weak men have traded liberty for security, and control of their lives for false promises and attractive cliches.

Following are some of the Executive Orders which insure seizure of practically every function essential to the operation of the government whenever the President decides that an emergency exists. He, alone, can decide what constitutes an emergency.

Executive order 11051 issued September 27, 1962 — details the responsibility of the Office of Emergency Planning and gives authorization to put all other Executive Orders into effect in time of increased International tension or Economic or Financial crisis.

Part One—Sec. 101d states (the Director) is to perform additional functions as the President may from time to time direct.

Executive Order 10995 — provides for take-over of communications media.

Executive Order 10997 — provides for a take-over of all electrical power, petroleum, gas fuels, and minerals.

Executive Order 10998 — provides for a take-over of food resources and farms (including all equipment for farming).

Executive Order 10999 — provides for a take-over of all modes of transportation and control of highways, seaports, etc.

Executive Order 11000 — provides for mobilization of all civilians into work force under government supervision.

Executive Order 11001 — provides for government take-over of all health, education and welfare functions.

Executive Order 11002 — designates Postmaster General to operate a national registration of all persons.

Executive Order 11003 — provides for the government to take-over all airports and aircraft.

Executive Order 11004 — provides for the Housing and Finance Authority to relocate communities, build new housing with public funds, designate areas to be abandoned as unsafe, and establish new locations for populations. Complete integration will be enforced hereby under JFK's latest Executive Order against discrimination in housing built with public funds.

Executive Order 11005 — provides for the government to take-over railroads, inland waterways, and public storage facilities.

Federal Register, record of all laws, executive orders, and executive proclamations adopted or approved by Congress, can be read in the Los Angeles County Law Library, First and Broadway, Main Floor, Alcove 4.

Again quoting Dan Smoot: "It is quite likely that none of this will happen. But the very possibility — however remote — should be removed. Congress could remove it and probably would, if there were sufficent public demand."

If the President (for political reasons or otherwise) saw fit to proclaim an emergency — either international or domestic — between now and election time, it could be possible that there might be no 1964 election!

William Mulleavy Graduate ALMC

William R. Mulleavy, of 510 E. Grand View Ave., is a graduate of the procurement phase of the Associate Army Supply Management Course of the U.S. Army Logistics Management Center at Fort Lee, Va. The course was two weeks in length.

Mulleavy is a lieutenant colonel with the Army Materiel Command in the U.S. Army Reserve. In civilian life he is cost accountant, Yard division, Royal Industries.

The Associate Army Supply Management Course is one of 14 offered at the Army Logistics Management Center. Other courses offered in the ALMC curriculum are in the areas of procurement, general supply, maintenance, surplus property disposal, requirements and distribution management.

The Army Logistics Management Center is the only department of the Army actively devoted to post-graduate level logistics management education. It is a field activity of the Army Materiel Command, Washington, D.C.

'YOUR CITY AND MINE'

Water Rates

To a person writing for publication, the only thing worse than being criticized is to be ignored, so it is with some mixed emotions that a writer receives criticism. The latest criticism concerned the fact that no mention was made July 23rd that a good portion of the Recreation expense and a portion of the Library expense is met by money paid by the users. To my critics — go ahead and criticize — it's better than being ignored.

The Swimming Pool is the biggest contributor to the revenue of Recreation, taking in almost $16,000 last year. Our pool operation, which is outstanding amongst city and county operated pools in that it does cover all its own operating expenses each year, will be discussed in a later article.

One major operation of the city which is completely self-sustaining is the City Water Department. The City Council feels that the Water Department should not only pay for current operating costs but should be building new facilities to meet the growth needs of the city and, in addition, should have an adequate bank account to meet emergency needs as they arise.

With these points in mind, the City Council a few months ago established a new water rate and since this water rate furnishes the money to operate the Water Department, it would appear appropriate to review your water bill at this time.

There are three different charges that appear on your water bill: Water, Refuse and Sewer. The last two charges are extremely simple. If you have a single family residence, you are charged $1.42 each month ($2.84 on your two month's bill) for pick up of refuse. This $2.84 will NORMALLY cover all the cost to you for removal of garbage, cans and trash. If you want back yard pick up or have an extra large amount, special arrangements can be made with the private contractor.

The second item is 25 cents per month for the sewer service charge. The underground sewers must be cleaned and maintained and the city council when they started the sewer districts felt that people using them should meet these costs. The 25 cents per month is not to pay for the construction of the sewers but is for maintenance costs.

The third and largest charge is for water. Since most single family residences have a ⅝" or ¾" meter, these charges will be used. If you have a larger meter, your costs will be slightly higher.

The minimum charge on any active meter is $2.75 per two months period. For this minimum charge, you may use 600 cubic feet of water. Translated into more understandable figures, this is approximately 4500 gallons or 72,000 cups of water.

Any water used in excess of this minimum amount in a 2 month period is billed at 16 cents per 100 cubic feet (750 gallons or 12,000 cups of water). Water is an extremely important and relatively cheap utility.

Since the question is sure to be raised — most water is used out of doors in watering plants. This is the reason you are urged to set a time when you are using water since, after a short period of time, the water is not being used effectively and the charges increase quite rapidly.

OUT OF THE COBWEBS

Ten Years Ago
August 6, 1953

The street department is tickled pink with its new acquisition and all the little boys in town and some of the big ones, are green with envy of the man that gets to drive the new, bright, high visibility, orange street sweeper.

Sierra Madre's 1954 float entry in the Tournament of Roses Parade on New Year's Day is "Treasure Island." The Tournament theme is, "Books in Flowers."

With building funds available, deed to the property now recorded, the Sierra Madre Public Library sees no further obstacles ahead in its building program.

"Red" Burt has returned as manager of the meat department at Roess' market after an absence of more than two years.

Twenty Years Ago
August 5, 1943

Real estate sales involve transfer of many large Sierra Madre properties, one deal involved is 16 acre Arbuthnot citrus ranch on E. Orange Grove, to Ralph Jones, another is R. A. Pratt estate on Sturtevant to Claude John of Long Beach.

Assessed valuations in Sierra Madre has dropped with building at a standstill for more than a year, an increase in the County is expected.

The City Council has installed a bicycle rack in front of the News ofifce to accommodate the numerous bikes, so shoppers will not have to thread their way around bike handles on the sidewalks.

Some Victory Gardeners here in town are getting along well without any ration points at all, they are raising their own meat and milk as well as an abundance of fresh produce.

Thirty Years Ago
August 4, 1933

Albert Gregory, manager of Hastings Ranch has finest air mail service in town. Gregory Chase, grandson of Mr. Gregory, flies the plane which is hangared in Monrovia and drops his grandfather's mail over the ranch, practically at the front door.

The Sierra Madre Ice Company has surrendered its license to distribute beer here, the business was found unprofitable.

Visiting editors opine that this is a most interesting town. Newspaper editors came to Sierra Madre to attend the luncheon of the local and Altadena Kiwanis Clubs last week found much to interest them, and dubbed us "An Artist Town."

From the Old Files
August 3, 1923

The Sierra Madre delegation consisting of about 30 boy scouts from troop No. 1 returned from the scout camp on Catalina Island last Saturday after 10 days of wonderful experience.

The ladies of the Eastern Star chapter are making arrangements for what promises to be an unusually attractive garden party to be given August 30 at the charming home of Judge and Mrs. Warren L. Williams.

Excavation work has begun for the new store building of S. R. Norris and Son at the northeast corner of Lima and Central. Completion will be approximately 90 days.

A definite conclusion will be made soon concerning the sale of Hastings Ranch. About 1,000 acres in all, vineyards, orchards and pastures, it is said their disposition is to annex the territory to Sierra Madre. In any event a highway will cross the ranch, as the land is to be subdivided if sold.

From the Old, Old Files
August 1, 1913

Mayor C. W. Jones is driving a handsome new Hudson touring car received this week, and F. H. Hartman is the latest Sierra Madrean to join the ranks of the Ford owners, having received his car Thursday.

Carpenters have been hard at work this week enlarging the station, but passengers will derive no benefit from the change except indirectly as the added room is intended for the use of Wells Fargo express business.

Adventure In Fine Food

Hot weather dishes recommended at Castagnola's Lobster House restaurant in Pasadena are the Louie Salads. These consist of a choice of crab, shrimp, lobster and prawn. Mmmm!

All are served in generous proportions on chilled plates in the delightful and cooling atmosphere of a luxurious sailing vessel.

A fine assortment of domestic and imported beer and wine is also offered on the extensive menu.

Anyone for a seafaring adventure in fine food? Then try the Lobster House located at 3533 E. Foothill Blvd., Pasadena.

Letters to the Editor

I may not believe in what the man says, but I will defend to my death his right to say it.—(similar words of Voltaire)

The following is an open letter to Hon. Glen Lipscomb.

Hon. Glen Lipscomb
House Office Building
Washington, D.C.
Sir:

On Feb. 20, 1963, the following Executive Orders (E.O.) were issued:

E.O. No. 10995—Take over communication media.

E.O. No. 10997—Take over electric power, oil and gas, fuels, minerals.

E.O. No. 10998—Take over food resourees and farms (including farm equipment).

E.O. No. 10999—Take over all modes of transportation, highways, seaports, etc.

E.O. No. 11000—Mobilization of civilians into work force under government supervision.

E.O. No. 11001—Government take over of health, education and welfare functions.

E.O. No. 11002—Postmaster General operate national registration of all persons.

E.O. No. 11003—Government take over of all airports and craft.

E.O. No. 11004—Housing and finance to relocate communities, to build new housing with public funds, designates areas to be abandoned as unsafe, establish new locations for populations.

E.O. No. 11005—Take over railroads, inland waterways and storage.

E.O. No. 11051—Designates responsibilities of emergency planning, gives authorization to put all Executive Orders into effect in times of increased internal tension, economic or financial crisis.

These Executive Orders are most alarming! It seems to give the President dictatorial powers. Who knows what emergency might arise when these orders could be put into effect. The President, alone, can decide what constitutes an emergency.

I would urge that Congress rescind these orders and give us back our Constitutional rights — to get its **Just** powers from the consent of the **governed.**

This is a democratic Republic, and the greatest country on earth. Help us keep it that way!

—MRS. ROBERT SCHENKE

Dear Editor:

Sierra Madre Unit No. 297, American Legion Auxiliary, wishes to express its appreciation for the generous coverage given us during the year for our various activities.

The clippings from The News have made a very attractive and interesting Press Book for our organization. Thank you again.

Very sincerely,
MAYBELLE C. BARKER,
Press Chairman
Unit No. 297,
American Legion Auxiliary.

Local Student To Enroll In Whittier College

Dennis L. Gagne, son of Mr. and Mrs. Raoul M. Gagne, 441 Santa Anita Ct., will enroll in Whittier College, Whittier, in September as a member of the college's 64th freshman class.

He will take part in Orientation Week activities beginnnig September 8. Events during that week include counseling, reading colloquy, faculty convocations, and dances. Classes will begin September 16.

Whittier College has a faculty of 120 and a student enrollment of 1500. The college offers the A.B., M.S., M.A., and M.Ed. degrees.

FLOURNOY REPORT

by Assemblyman Houston I. Flournoy
49TH ASSEMBLY DISTRICT

One-man rule has come to the California Assembly.

No other interpretation can be put upon the last minute revolution which climaxed a catastrophic special session of the legislature and left Jesse "Big Daddy" Unruh in total control.

While some 46 other Democrat Assemblymen were supinely content to abdicate their responsibilities. Big Daddy rammed through a rules change that:

1. Threw four Republican committee chairmen out of their posts and established that henceforth all committee chairmen must be of the majority party, or Democrats.

2. Threw seven Republican committee vice chairmen out of their posts and established that henceforth all committee vice chairmen must be of the majority party, or Democrats.

3. Declared that the speaker of the Assembly (Unruh himself) would hereafter be selected not by the legislature, but by a caucus of the majority party.

4. Vacated all committee assignments of all the members, and left new committee assignments to Uuruh's personal discretion.

With these surprise changes in the rules of the Assembly, Big Daddy tossed 50 years of California politlcal history into the ashcan.

As far as I can see, these consequences can be ascribed to just one thing: a relentless pursuit of power by Unruh. Time and again this Democrat boss has violently reacted to anybody who refused to do his precise bidding. His one consistent response to dissent is to put his political steamroller into high gear and obliterate his objectors.

Big Daddy's rigged reorganization of the Assembly into one-man rule came in the wake of a simple Republican request to postpone voting on the budget pending release of conference committee deliberations on aid to education.

Speaker Unruh not only rejected this request out of hand, but insisted that the budget augmentation be voted upon immediately. When Republicans refused to be bulldozed into voting, we were literally "locked up" in the chamber in overnight session, while Democrats were permitted to go home to dinner and to sleep.

Once the details of the education proposal came out, the Republicans, true to their statement that they were not trying to kill budget augmentation, proceeded to free their members for an independent vote which passed the fiscal measure.

But it was too late. The unpardonable sin had been committed. Having refused to do Unruh's bidding, the Speaker prepared for his massive relatiation. With it the whole concept of two-party cooperation in Sacramento vanished, and an era which began with Hiram Johnson was ended.

It is incredible to me that the Assembly Democrats have tolerated such a personal power-grabbing vendetta. I cannot believe now that there are many sincere Democrats, believing in the two-party system, who will long support a totalitarian "Rule by Unruh."

Fifth Session Swim Classes Start August 12

The fifth session swim classes sponsored by the YWCA will start Monday, August 12, continuing through August 23.

The classes are held daily for two weeks, and include beginning, intermediate and advanced instruction for children 4 through 12 years of age.

Mother and Me classes are offered for children under the ages of 4, who will work with their mothers under the guidance of YWCA instructors. There are also adult swim classes.

Information about classes may be obtained by calling the YWCA office, HI 7-7500 between the hours of 10 a.m. and 2 p.m. Monday through Friday.

This is a Community Chest agency.

SYcamore 7-9634

Here we go again—I'm on another soap box! It won't be too long until we'll all be looking out from beneath a blanket of suds. We have cleaned our way into a real mess. Matter of fact, we have gotten so "hipped" on the subject of billowy suds, we go around with detergent in our clothes because it can't wash out. I put my wash in the machine the other day with no soap or detergent, just soap re-activator. I ended up with a tub of suds it took eight rinsings to remove. Boy, was I clean! The clothes were worn out by the time I had stripped out all the filler, but clean—yes! The government is urging us to write in and get the pamphlet they are offering on how we can control the contamination of our water supply by overusage of detergents. This is called foresight. You can get all the information you need by writing the Division of Water Supply and Pollution Control, Public Health Service, U.S. Department of Health Education and Welfare, Washington 25, D.C.

* * *

I just hate to see people move away from the area even though I know it has to be. The William Rittenhouse family is no exception to this sentiment. They have moved bask to Darian, Conn., with their four children. Their absenec will leave a large void in our midst. As soon as they locate permanently and have an address, I will put it in for those who want to change their Christmas card list. (I don't know why I worry about everyone else's list when I spend the last week before Christmas scrambling around trying to find all of these addresses that I so faithfully publish for you all!)

* * *

Mrs. Art (Janet) Brearley and Mrs. Phil (Louise) Saurenman of Vosburg co-hosted a luncheon last week given as a farewell party for Mrs. Lyn Lockard, who will be leaving on quite an extensive tour of the Continent next month.

Those invited to join in the farewell were Mrs. John (Jean) Fricke, Mrs. Alice Morrissey, Mrs. John (Chris) Kariotis, Mrs. A. E. (Winifred) Acker, Mrs. George Amthor, Mrs. H. A. (Flossie) Switzer, Mrs. George (Joyce) Wenger, Mrs. David (Murphy) Philip, Mrs. Skipper (Pat) Rostker, Mrs. K. M. (Marge) Dauble and Mrs. Gwen Barkelew. They presented Mrs. Lockard with a tidy little sum to buy a gift on her trip.

* * *

By the way, in talking to Mrs. Brearley I learned that her son, David, is working at the new marine store on the Isthmus of Catalina, in case anyone happens to be over there. He will return to L.A. State College in the fall.

* * *

Mr. and Mrs. Taylor (Ted) Robertson didn't give their friends much notice about their impending transfer, but as true friends will, they rose to the cause and got together with a potluck dinner at the home of Mr. and Mrs. Gerry Drean on Clarmeya Lane. The Robertsons, along with their five children, Taylor, Jimmy, Bobby, Terry and Nancy, will be living in Eureka, where Mr. Robertson will assume a new position with the Forestry Service.

Those asked to be on deck to wish them well were Mr. and Mrs. John Stich, Mr. and Mrs. Frank Kromka, Mr. and Mrs. Fred Scott, Mr. and Mrs. Jack Williams, Mr. and Mrs. Charles Collins, Mr. and Mrs. Richard Armstrong, Mr. and Mrs. Michael Soho, Mr. and Mrs. Louis Rios and Mr. and Mrs. Eugene Brown.

* * *

Got word through some of the folks on Wynn Road that Nora Clark is back stomping around her home state of Michigan and revisiting a lot of the nostalgic places of former years, such as Howard Lake. Frank is keeping the home fires burning till she returns.

* * *

The Wallace Jones are back after what I consider a very ambitious trip. They took their son, Tim, and a friend, Stevie Reed, and drove to Tuolumne Meadows in Yosemite. From there they back packed in or should I say up to Vogelsang, which is 10,500 feet up in the High Sierra on the Muir Trail. That is almost seven miles and, as Bobby put it, it might just as well have been 50 miles by the time they got there. They camped for two days and then returned to base and went up in the opposite direction to Glen Aulin, which is a mere 8,700 feet, or five miles up.

At any rate, it was a wonderful experience. A person just couldn't imagine the beauty or the majesty of the mountains and valleys unless he was there. Bobby isn't sure she will be invited to go next year, because she isn't wildly enthusiastic about carrying all of that gear on her back. I'm inclined to agree with her. She tells me you can have it all packed in for you for 10 cents a pound, and for me that woul be a bargain!

Mrs. Charles Louk Returns To S.M.

Mrs. Charles Louk of Sierra Madre has just returned home from a ten day trip to eastern Kansas, where she was called due to the death of her son, Kenneth Thompson.

Ken passed away Sunday noon, on July 21, following an unexpected heart attack.

He is survived by a wife and five children who will remain in Lawrence, Kansas for the time being.

Project Concern Reception, Dinner Lighthizer Home

Dinner and a reception is being planned by the Greater Los Angeles Committee of Project Concern, at the home of Mr. Chester F. Lighthizer, chairman, 100 Colony Drive, for Mr. and Mrs. Paul E. Fleener, who have returned this week from Hong Kong, B.C.C.

The Fleeners left the United States last August with Dr. James W. Turpin and his family, to establish medical relief clinics in Hong Kong.

Dr. Turpin with the help of the Fleeners set up his first clinic in the infamous Waller City of Kowloon, where some 150,000 people live within a area of 10 blocks square.

"Yauh Oi," Brotherly Love, the floating clinic was launched March 9, in Yaumati Typhoon Shelter to serve another 150,000 boat people who live on sampans and Junks in the Hong Kong Harbor. This clinic serves approximately 100 people a day.

Paul Fleener plans to show slides of the work being done in Hong Kong, and talk about the progress and problems encountered by Project Concern during the first year of operation.

Project Concern is an independent, inter-denominational, medical relief organization established to give medical relief to the millions of needy persons in the Far East, and presently in Hong Kong.

Santa Anita Dog Training Obedience Class

The Santa Anita Dog Training Group will be starting new obedience training classes both in Arcadia County Park, and Almansor Park, Alhambra, during the month of August. These classes are very popular at this time of year so it would be well for dog owners interested in enrolling their pet to call and make a reservation as the classes are limited.

Two new classes will start in Arcadia County Park, one on Monday evening, August 1, at 8 p.m. and one on Wednesday evening, August 14, at 7 p.m. The one in Almansor Park, Alhambra, will start on Thursday evening, Aug. 29, at 7 p.m. For further information please call HI 6-6858 or EL 9-1481.

New Apartments For Sierra Madre

Two six units apartment buildings are having their formal open house this week.

These new buildings, located at 283 and 291 W. Montecito St., feature some "first" in this area. The foam rubber Dupont padding for the wall-to-wall carpeting gives a soft luxurious feel to your step.

The new "charm" Roper range in the three bedroom units is new to this area.

In addition, the large sound-proofed apartments feature Carrier air conditioning, ash cabinets, marble pullman lavatories, and dishmasters.

Mr. and Mrs. Ron Picard have been appointed as managers, and are now in residence in apartment B at 291 W. Montecito.

Tax Facts Concerning Los Angeles County As Expresed by Dr. Felix J. Weil Series

Fairer Equalization Procedure Proposed
Part II

I said last week that Watson's new proposals are in part based on two bills pending in Sacramento SB 1463 and SM 1203.

SB 1463 is better known as the "Nesvig Plan." Gordon T. Nesvig, as clerk of the Los Angeles County Board of Supervisors, is by law also clerk of the board of equalization, and would be clerk of the tax appeals boards (if ever created). His plan was approved by the board of supervisors on March 19, 1963.

Its main differences from Watson's counter-proposals are (1) the timing of the petition filing and hearings periods, and (2) the rendering moot of the early notification of assesses under Sec. 619, immediately after the assessment roll is ready.

Under the Nesvig plan, a taxpayer is to be notified of assessment and tax figures by the usual arrival of the tax bills. Having paid the tax, he is then to file his petition, if any, between the third Monday in December and the third Monday in February of the next calendar year, a total of two months.

The board of equalization ("or tax appeals board, if established") is to hold hearings from the third Monday in December to the second Monday in June, if needed, a total of about 5½ months. A decision in applicant's favor is to result in a speedy refund.

The Nesvig plan is welcome evidence that the urgent need for reform is now recognized by the supervisors. Nesvig accurately criticizes the present system: "No one, from the supervisors to the sergeant-at-arms, truly believes that the taxpayer is afforded real procedural due process . . . We have barely managed to preserve the form of due process — in most cases — and in so doing, have done the world's worst public relations job."

At first the Nesvig plan appears a real breakthrough, to a large extent meeting the Property Taxpayer Council's old objections against the present system. On closer study I still think it is a remarkable step forward but I also find some objectionable features. Nesvig goes too far in some respects and not far enough in others.

"Not far enough"; Nesvig wants the equalization hearings to end no later than the second Monday in June: as the fiscal year closes on June 30, this is necessary to give the auditor enough time to finish drawing warrants for refunds "against the reserve account for the same fiscal year for which the taxes are paid." This is fine, but I wonder why Nesvig did not similarly to the federal income tax procedure, provide for refunds to be credited to the property against next year's taxes, unless the owner insists on a cash refund. For the computer and for the auditor's or collector's staff entering a credit is no more work than writing and mailing a refund check — possibly even less.

Another point where the Nesvig plans does not go far enough: today, after the assessor delivered the local roll to the board of supervisors, only the board has the authority to order changes, whether the roll is in the possession of its clerk, the auditor or the collector. Yet changes must be made almost daily, in addition to those from equalization decisions; clerical errors must be corrected; assessments of escaped property and taxes thereon are to be added; assessed property acquired by a government department, and the taxes thereon, must be taken off the roll, etc.

There is rarely a board meeting without such orders on the agenda. But the supervisors lack the time to study such matters; they must, routinely, act as rubber stamps. I wonder why the Nesvig plans does not provide replacing this formality by a written order of the assessors, no matter in whose jurisdiction the roll is at a given time — except as to decisions in equalization matters not settled in the assessor's office.

In other regards, the Nesvig plan goes "too far": its main feature is shifting the deadline to some 3½ months after arrival of the tax bill in November (some 5½ months after the delinquent date of the unsecured tax bills). This would eliminate, I admit, the old justified complaint that when the tax bill arrived in November, the deadline for petitions was long past. But it would not provide a much better solution: petition filing should begin in August and its deadline not be after, and certainly not that long after, the mailing of the tax bills.

(The Nesvig plan would, incidentally, also remove one of the reasons — the most important one, perhaps — for the creation of tax appeals boards: the lack of time for adequate hearings. But the other reason would still remain: the supervisors' unavoidably "built-in" bias in favor of protecting the tax revenue. Unless the supervisors' equalization functions are taken over by one of several independent tax appeads boards, taxpayers will have no assurance that such cases will ever be decided according to their merits only).

RESOLUTION OF INTENTION NO. 2000

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SIERRA MADRE IN THE MATTER OF THE CONSTRUCTION OF SANITARY SEWERS IN ASSESSMENT DISTRICT NO. 81 IN THE CITY OF SIERRA MADRE, CALIFORNIA

RESOLVED BY THE CITY COUNCIL OF THE CITY OF SIERRA MADRE:

SECTION 1. That it is the intention of the said City Council to order the following work to be done and improvements to be made in the City of Sierra Madre, State of California, to-wit:

The construction of sanitary sewers and appurtenances and all appurtenant work in connection therewith in

ESPERANZA AVENUE

Beginning at the existing manhole approximately 120 feet east of Hermosa Avenue and extending westerly to Hermosa Avenue; and in

HERMOSA AVENUE

Beginning at the intersection of Esperanza Avenue and extending northerly to the intersection of Mariposa Avenue; and in

MARIPOSA AVENUE

Beginning at the intersection of Hermosa Avenue and extending westerly to the intersection of Park Avenue.

All of the abovementioned work is more particularly and specifically set forth and described in the plans, profiles and specifications for said work heretofore adopted by the City Council of the City of Sierra Madre by its Resolution No. 1999, which plans, profiles and specifications are hereby referred to for all particulars in connection therewith. The public streets and rights-of-way hereinabove referred to are shown and delineated in detail and specifically located on the plans hereinabove referred to;

SECTION 2. That all of said work described in Section 1 shall be constructed in said streets, avenues, roads, lanes, courts, places and/or public ways or easements hereinabove described, of the dimensions, materials, and in the particular locations set forth and shown on the plans and detailed drawings, consisting of two sheets and the specifications hereinabove and hereafter referred to; together with the construction of all appurtenances thereto, including necessary fittings, trenchings, grading and regrading, excavation and fill, removal of constructions, connections to existing services, back filling, reconstruction of existing ground surface as required to conditions existing prior to commencement of construction, all in the manner, of the materials and to the dimensions and to the grades, and in the particular locations as the same are more fully shown on the plans and specifications and detailed drawings hereinabove and hereafter referred to;

That the structures and work and improvements herein described shall be constructed to the grades, sub-grades and elevations severally shown upon the plans and profiles and detailed drawings thereof in the respective locations thereof, to which plans and profiles reference is hereby expressly made for a description of the grades to which all of the work and improvements under this Resolution of Intention shall be done, which said grades are hereby adopted and established as the official grades therefor for all purposes in connection with proceedings pursuant to this Resolution of Intention; notice is hereby further given that said grades are or may be, in part, new and different from existing ground levels;

The plans and specifications, profiles and detailed drawings and diagrams accompanying the same are hereby expressly referred to for full and detailed description and location of said proposed work and improvements, the public streets and rights-of-way involved, and the grades of the public streets and rights-of-way involved, and of the grades to which said improvements are to be constructed.

Excepting from all of the herein described work all of said work that has already been done to the lines and grades shown on said plans and profiles, and in accordance with said plans and specifications;

All of said work shall include, without duplication, any and all streets, intersections, terminations and opposite termination occurring within the limitations of said work;

The attention of all persons is directed to the fact that all of said classes of work above described may not be constructed upon all of the streets and/or public ways above described in their entirety, but only upon the particular locations as shown on the plans and specifications.

SECTION 3. That the said contemplated work and improvement, in the opinion of the said City Council hereby makes the expenses of said work and improvement chargeable upon a district, which said District the said City Council hereby declares to be the district benefited by said work and improvement and to be assessed to pay the costs and expenses thereof, including incidental costs and expenses and which district is described as follows:

All that certain territory of the City of Sierra Madre, California, included within the exterior boundary shown on the one sheet of maps entitled "Assessment District No. 81 Assessment Diagram", and hereinafter referred to as the "Diagram" which was heretofore finally approved by the city council of said City on the 23d day of July, 1963, indicating by said boundary lines the extent of the territory included within the proposed assessment district and which diagram is on file in the office of the City Clerk of said City. EXCEPTING from the area shown within and delineated upon said diagram hereinabove referred to, the area of all public streets, public avenues, public lanes, public roads, public courts, public alleys and public parks, therein contained belonging to the public, and all lots or parcels of land belonging to the United States, or to the State or California, or to the County of Los Angeles, or to the City of Sierra Madre or to any other public agency, which lot or parcel of land is in use in the performance of any public function, and all such property above mentioned and described as being excepted from the area shall be omitted from the assessment hereafter to be made to cover the costs and expenses of the said work and improvement. Reference is hereby made to said diagram for a further, full and more particular description of the said assessment district, and the said diagram so on file shall govern for all details as to the extent of said property.

SECTION 4. Notice is hereby given that serial bonds shall be issued to represent each assessment of Fifty ($50.00) Dollars, or more, remaining unpaid for thirty (30) days from the date of recordation of the warrant to represent the expenses of said work and improvement. Said serial bonds shall extend over a period of nine (9) years from the second day of January next succeeding the next September 1st following their date and an even annual proportion of the principal sum thereof shall be payable by coupon on the 15th day of October each year, following the next September 1st after their date, until the whole is paid. The first interest shall become due and payable by coupon on the 15th day of October next succeeding the September 1st or the 15th day of April next succeeding the March 1st after date, with the following interest for six months and payable the 15th of April and October respectively, of each year after their date of six per cent (6%) per annum on all sums unpaid until the whole of said principal and interest are paid. Said bonds and interest shall be payable at the office of the City Treasurer of the City of Sierra Madre, and the same shall be disbursed by said City Treasurer, all as provided in the Improvement Act of 1911, hereinafter referred to.

SECTION 5. Notice is hereby given that on Tuesday, the 27th day of August, 1963, at the hour of 8:00 o'clock P.M. of said day, at the meeting place of the City Council of the City of Sierra Madre, 55 West Sierra Madre Blvd., Sierra Madre, County of Los Angeles, State of California, any and all persons having any objection to the proposed work or improvements or any objections to the grades to which said work is proposed to be done or to the boundaries of the District proposed to be assessed to pay the costs and expenses of said work, may appear before said City Council of the City of Sierra Madre and show cause why said improvements should not be carried out in accordance with this Resolution of Intention, and may present a written protest, not later than the hour hereinabove set for hearing, against the doing of said work, the grades to which said work is to be done, or the extent of the territory to be assessed to pay the cost and expenses thereof;

SECTION 6. IMPROVEMENT ACT.

That all of the work herein proposed shall be done and carried through in pursuance of an Act of the Legislature of the State of California, designated the "Improvement Act of 1911", being Division 7 of the Streets and Highways Code of the State of California.

SECTION 7. PETITION FOR IMPROVEMENT.

That the proceedings for the aforesaid improvement have been instituted upon a petition filed by all of the owners of more than sixty per cent (60%) property in the area of the property proposed to be assessed for the improvement which petition waives the provision of Division 4, of the Streets and Highways Code of the State of California. That the estimated cost of the improvement is $49,030.

SECTION 8. The City Clerk of the City of Sierra Madre shall cause this Resolution of Intention to be published twice in the Sierra Madre News, a newspaper of general circulation published and circulated in Sierra Madre, which said newspaper has heretofore been designated by said City Council as the newspaper in which shall be printed and published in the proceedings taken pursuant to this Resolution and under the provisions of the said "Improvement Act of 1911" and amendments thereto; the first publication of said notice shall be not less than ten (10) days prior to the date herein fixed for hearing on this Resolution of Intention;

SECTION 9. The Superintendent of Streets shall cause to be conspicuously posted along the line of said contemplated work and improvement, and on all the open streets within the assessment district, notices of the passage of this Resolution of Intention in the time, form and manner required by law.

SECTION 10. The City Clerk of the City of Sierra Madre is hereby directed to mail notices of the adoption of this Resolution of Intention, postage prepaid, to all persons owning real property proposed to be assessed, whose names and addresses appear on the last equalized assessment roll for City taxes, or as known to said City Clerk, said mailing to be at least fifteen (15) days prior to the date herein fixed for the hearing on this Resolution of Intention, all in the time, form and manner prescribed in said "Improvement Act of 1911", as amended.

SECTION 11. The City Clerk shall certify to the adoption of this Resolution.

Adopted and approved this 23d day of July, 1963.

SEVERIN L. SORENSEN
Mayor of the City of Sierra Madre, Calif.

I HEREBY CERTIFY that the foregoing Resolution was duly adopted by the City Council of the City of Sierra Madre at a regular meeting held on the 23rd day of July, 1963, by the following vote of the council:

AYES: Councilmen Abernethy, Rule, Parks, Vannier and Sorensen.
NOES: None
ABSENT: None

L. MARIE WARFEL
City Clerk of the City of Sierra Madre, Calif.

Publish Sierra Madre News August 1, and 8, 1963

NOTICE INVITING BIDS

For Construction of SANITARY SEWERS IN ASSESSMENT DISTRICT NO. 82

Pursuant to statute and Resolution No. 1995, adopted July 23, 1963, by the City Council of the City of Sierra Madre, California, and an act of the Legislature of the State of California designated as the "Improvement Act of 1911," as set forth in Division 7 of the Streets and Highways Code, sealed proposals will be received at the office of the City Clerk of said City, 55 West Sierra Madre Boulevard, Sierra Madre, California, until 10:00 o'clock a.m., on August 22, 1963 for furnishing all plant, labor, materials, and equipment for construction of sanitary sewers in Assessment District No. 82. Except for sewer line to be laid in jacked casing, sewer pipe shall be EITHER vitrified clay pipe OR asbestos-cement sewer pipe at the Contractor's option. A combination of the two pipe materials will not be permitted. The work includes 1,017 linear feet of 8-inch sanitary sewer line, 130 linear feet of 8-inch sewer line in jacked casing; 90 linear feet of 6-inch house laterals, 850 linear feet of 4-inch house laterals, 28 vertical feet of standard manhole, 8 vertical feet of drop manhole, and miscellaneous sand bedding. All quantities are approximate. Said work is more particularly described in Resolution of Intention No. 1985, adopted 6-25-63 by the City Council of said City. The entire work is contained in a single bidding schedule. All work must be completed within 45 calendar days after date of execution of the contract.

The proposals will be publicly opened and read in the Council Chambers of said City on the date and at the time above-mentioned. The bids will be presented to the City Council at 8:00 p.m., on Aug. 27, 1963. Plans and specifications and all contract documents may be obtained at the City Clerk's office of said City, or at the office of James M. Montgomery, Consulting Engineers, Inc., 555 East Walnut Street, Pasadena, California, upon payment of a deposit of ten dollars ($10.00) for each set of specifications and accompanying drawings. Said deposit will be refunded upon return of the specifications and drawings in good condition within 30 days after the proposals are opened. The specification is entitled "SPECIFICATIONS FOR CONSTRUCTION OF SANITARY SEWERS IN ASSESSMENT DISTRICT NO. 82." Reduced prints of the original contract drawings are bound in the specifications. The scale of the reduced drawings is about one-half the original scale. If full-scale drawings are desired for estimating purposes, they may be purchased at reproduction cost from James M. Montgomery, Consulting Engineers, Inc.

Each proposal must be accompanied by a certified check in the amount of ten percent of the aggregate amount of the proposal, or by a bid bond for that amount signed by the bidder and two sureties, or by a corporate surety bond, as a guarantee that the bidder, if an award is made to him in accordance with the terms of his proposal, will promptly execute a contract in the required form not sooner than ten (10) calendar days following the date of publication of the Notice of Award, nor longer than twenty-five (25) calendar days following said date of publication, will secure payment of workmen's compensation insurance, and furnish a satisfactory faithful performance bond and a labor and material bond. Each of the last-mentioned bonds shall be in the sum of not less than fifty percent of the estimated aggregate amount of the payments to be made under the contract, computed on the basis of the price stated in the proposal. In addition to the above and if requested by the City, the bidder shall furnish a financial statement of recent date. Failure to comply with this requirement will render a bid informal and shall be sufficient cause for rejection.

Pursuant to applicable provisions of the Labor Code of the State of California, not less than the general prevailing rates of per diem wages and not less than the general prevailing rates of per diem wages for legal holidays and overtime work, for each craft or type of workman needed to execute the work contemplated under the contract, as ascertained by and set forth in the schedule of such wage rates specifically hereinafter set forth and adopted by the City of Sierra Madre, California, shall be paid to all workmen employed on said work by the Contractor or by any subcontractor doing or contracting to do any part of said work, which schedule of wage rates is as follows:

Roller Operator, Compacting	4.37
Skiploader—Wheeltype—Ford, Ferguson, Jeep or Similar Type ¾ yard or less (Without dragtype attachments)	4.02
Tractor Operator—Dragtype Shovel, Bulldozer, Tamper, Scraper and Push Tractor	4.56
Tractor Operator with Boom Attachments	4.66
Trenching Machine Operator (Up to 6 foot depth capacity, manufacturer's rating)	4.37
Trenching Machine Operator (Over 6 foot depth capacity, manufacturer's rating)	4.66
Universal Equipment Operator(Shovel, Back Hoe, Dragline, Clamshell, Derrick, Derrick Barge, Crane, Pile Driver, and Mucking Machine) (Health & welfare—15c per hour) (Pension—15c per hour) (Vacation—25c per hour)	4.66
TEAMSTERS	
Driver of Dump Truck of: Less than 4 yds. water level	3.72
4 yds. but less than 8 yds. water level	3.75
8 yds. but less than 12 yds. water level	3.80
Driver of Truck Legal Payload Capacity: Less than 6 tons	3.72
6 tons to 10 tons	3.75
10 tons to 15 tons	3.80
Driver of Dumpster Truck	4.10
Driver of Transit-Mix Truck—under 3 yds.	3.96
Driver of Transit-Mix Truck—3 yds. or more	4.10
Dumpcrete Truck, less than 6½ yds. water level	3.96
Dumpcrete Truck 6½ yds. water level and over	4.10
Water or Tank-Type Truck Driver — under 2500 gals.	3.78
Water or Tank-Type Truck Driver 2500 gals. to 4000 gals.	3.90
Truck Greaser and Tireman	4.05
Truck Repairman	4.56
Truck Repairman Helper (Health & welfare—15c per hour) (Pension—5c per hour)	3.83

All others shall be paid at the prevailing wage rates paid in the County of Los Angeles. Overtime applicable to each classification shall be paid at the prevailing overtime rate in the County of Los Angeles. It shall be mandatory upon the Contractor to whom the contract is awarded and upon any subcontractor under him to pay not less than the specified rate to all laborers, workmen and mechanics employed by them in the execution of the contract.

The City reserves the right to reject any or all bids, to waive any informality in a bid, and to make awards as the interests of the City may require. This notice is given by the order of the City Council, City of Sierra Madre, California.
